PRESSURE SWITCH. The pressure switch is located in the valve block on both New Range Rover and Classic with the exception of Classic with a VIN up to SA654292. The pressure switch on these models is located on the air reservoir. The pressure switch contacts should be open at pressures below 7.6 BAR (110 psi).

Diagrams - Find Land Rover parts at LR Workshop
I can't see exploded diagrams anymore - What's happened to those? There are one or two aspects of Land-Rover-Parts-Shop.com that we really wanted to keep - these included the exploded diagrams. The truth is we only had a few dozen illustrations in use on the old site, but we appreciate these were very helpful when undertaking repair work.
