By Mike Tuchscherer 2 April 2018. There are no magic programs. Coaching is about a lot more than writing a good program. Of course writing a good program as part of being a good powerlifting coach especially in an online setting but to think that there is just writing the program is to misunderstand the process and to do a serious disservice to all the clients who put their trust in you.

Reactive Training Systems Manual Erosma
At Reactive Training Systems (RTS), we are on a mission to provide practical and methodical powerlifting knowledge to athletes who are serious about reaching the next level in powerlifting.

Books - Reactive Training Systems

RTS Manual - Reactive Training Systems
The Reactive Training Manual is designed to be a step-by-step plan to teach you to develop your own training program -- a training program based on what works for YOU! There are many unique techniques and methods in this book to allow you to customize your training, giving you effective training without so much "trial and error".

Guided Programming - Reactive Training Systems
This important to note: for intermediate and advanced athletes, the rep range is always prescribed by programming, when the coach develops the training cycle. Different rep ranges target different systems; doing an all out set of 3 reps is not the same as doing an all out set of 10 reps.
