Red Book and Red Book Atlas, 4th Edition Package - AAP

"The visual representations of common and atypical clinical manifestations of infectious diseases are accompanied by diagnostic information not contained in the current Red Book. This pediatric infectious disease atlas, designed as a companion to the American Academy of Pediatrics' 2012 Red Book, is intended to be a study guide for students, residents, and practitioners."

Red Book Atlas Of Pediatric

"This book is of the highest quality. The fast-developing field of infectious diseases requires regular reevaluation, and timely updates of both the AAP Red Book and this companion atlas. There is simply no other book like it in the field, and it is invaluable to pediatric practitioners." Madan Kumar, D.O.
