***The real strength of the book is the debunking. Redirect reads as a debunk of conventional 'common sense' studies with an apertief of story editing. Story editing is effectively positive thinking (if I dare be simplistic) with some added complexity. The real strength of the book is the debunking.***

***In Redirect: The Surprising New Science of  
Psychological Change, social psychologist  
Timothy Wilson reveals insights from three  
decades of empirical evidence indicating that  
what is true of culture is also true of  
individuals: Our experience of the world is  
shaped by our interpretations of it, the stories  
we tell ourselves, and these stories can often  
become so distorted and destructive that they  
completely hinder our ability to live balanced,  
purposeful, happy lives, so the key to personal  
...***
