Using innovative ways of engaging subjectivity and reflexivity in teaching, learning and research led to designing a model for students' reflective and intercultural potential, which is a ...

Reflexivity in multilingual and intercultural education ...

This book takes a critical look at why issues of language in higher education are routinely marginalised, despite the growing internationalisation of universities. Through analyses of a variety of intercultural encounters, the book highlights the range of interpretative possibilities available for understanding these encounters, and suggests the role that the reality of the contemporary ...
