REGULATIONS ON TRADE IN SERVICES - tralac
The General Agreement on Trade in Services (GATS) is the first and only set of multilateral rules governing international trade in services. Negotiated in the Uruguay Round, it was developed in response to the huge growth of the services economy over the past 30 years and the greater potential for trading services brought about by the communications revolution.

Regulating trade in services in the EU and the WTO : trust ...
Regulation can be a critical barrier to services trade – whether it is too much, too little, discriminatory or otherwise trade-unfriendly. While the AfCFTA Agreement will no doubt reiterate a right to regulate, member countries should focus less on this right, and more on the ability and capacity to implement and enforce regulation that enables safe and efficient services sectors to develop on the continent.

REGULATING TRADE IN SERVICES IN THE EU AND THE WTO
The workshop, entitled "Regulatory frameworks to facilitate trade in services", highlighted the need for more transparent and predictable domestic regulations to help enhance productivity in services and for efficient services to strengthen developing countries' connectivity to the global economy.
