Scott McCloud (born Scott McLeod on June 10, 1960) is an American cartoonist and comics theorist. He is best known for non-fiction books about comics: *Understanding Comics* (1993), *Reinventing Comics* (2000), and *Making Comics* (2006), all of which also use the medium of comics. He established himself as a comics creator in the 1980s as an independent superhero cartoonist and advocate for ...

Scott McCloud - Wikipedia

Comics is a medium used to express ideas with images, often combined with text or other visual information. It typically takes the form of a sequence of panels of images. Textual devices such as speech balloons, captions, and onomatopoeia can indicate dialogue, narration, sound effects, or other information. The size

and arrangement of panels contribute to narrative pacing.

Scott McCloud | Journal

Scott McCloud packs a huge amount of information about art, history, comic design and the different ways people communicate in words and pictures into this highly accessible book. Like comic books themselves, there are hidden depths here, because beneath the immediacy of the presentation are some deep, serious ideas about the development of language ...
