Beard's writings illustrate the way public administration ignored important aspects of pragmatism in favor of practical attitudes and focus on apolitical efficiency. As a result, administrative orthodoxy developed in opposition to pragmatism, which explains the abandonment and misinterpretation of Mary Parker Follett's ideas.

Rethinking the Identity of Public Administration - Term Paper

The concept of governance has come to be used more commonly in the discussion of public administration, but the meaning of the term is not always clear. There is a growing body of European literature that can be characterized as “governance without government,” stressing as it does the importance of networks, partnerships, and markets (especially international markets).

A comparative overview of public administration ...

The variety of paradigms in public administration reflects the intellectual evolution of the discipline and public administration practice (Henry 1975). Woodrow Wilson (), in his landmark article “The Study of Administration,” sparked the need for generating more intellectual resources to carry out the management of the state due to the fact that “it is getting harder to run a ...
