Eyewitness Books - Wikipedia

This might be the most informative guide to the amazing world of robotics! The author, Roger Bridgman, stays true to form with the design and layout of the DK Eyewitness Book Series by challenging young readers, ages 9 to 12, to "SEE, LEARN, & DISCOVER" the stories that provide an "eyewitness" account of how robots are changing our world.

What it all comes down to is that robots are their own thing; like them or you don't. If you do, this is very much your book. This book does what other robot books fail to do in presenting humanoid robots and their toy-like offshoots. Since it's British, it covers The Hitchhiker's Guide (the original BBC mini-
