range of test construction models have influenced the formal coding criteria for these scales, including those in the CS. Scale development procedures can be considered on a dimension that ranges from purely empirical, in which items are selected based on statistical Figure 8.1 Early inkblot for possible use created by Hermann Rorschach.

An Introduction to Rorschach Assessment

Hallowell saw the Rorschach Test as a subtle and relatively culture-free way of probing the complexities of personality. Additionally, the Rorschach Test allowed comparisons on both an individual and group basis. Hallowell published several works on both the methodological theory and field use of Rorschach Tests, including "Rorschach Protocols ...
