SYNMAX FULL SYNTHETIC 2T OIL - Rotax

All Rotax 2-stroke Aircraft Engines (except the 447 UL) are now provided with an oil injection pump. But because of a lack of an adapted mounting system (as is the case for the Quad City Challenger / Challenger II ultralights), or because of dubious superstitions, some planes are still equipped with oil injection.

Rotax 717 Sbt engine problems - PWCToday

Oil Filters. Only the Rotax-recommended oil filter (part 825 701) should be used. Only those filters assure the correct pressure for bypass valve operation. Other filters have less filtering surface and are not made to withstand the high oil pressures the Rotax 4-stroke engines create. Any other filter than Rotax part 825 701.
