### The secret benefit of routines. It won't surprise you.

Routines, routines. It is one of THE most requested things we get asked about. And each space is so very, very different. But small spaces are unique. There isn't a lot of wiggle room and keeping them clean is paramount to keeping them sane, functional spaces. You don't have the luxury to throw a bunch [...]

### Morning Routine in Space | NASA

Access will always on startup look for a macro called "Autoexec". If it finds it it will immediately start executing this macro. I find this is extremely useful if I need to initialise the program before opening forms or, as in the case of the original questioner, run access as a scheduled process with no user I/O.

### batch file - Running Microsoft Access as a Scheduled Task ...

The access model we created is often called "open access," "advanced access" or "same-day scheduling." It has one very simple yet challenging rule: Do today's work today.

### Routine Scheduled Space Access For Secondary Payloads

The Alaska Native Medical Center: At this medical center, open access led to a drop in the wait time for routine appointments in family medicine and pediatrics from 30 days to one day. They were also able to increase the percentage of patients seeing their own physician from 28 percent to 75 percent.

### How to Create a Daily Routine That Works For You

We have a number of schedule templates and calendars that you can download and edit using Microsoft Excel or OpenOffice. A spreadsheet is a great tool for creating a daily schedule or weekly schedule. It's not too difficult to create your own schedule from scratch, but like most people, you probably value your time and money, so hopefully our free schedule templates will be just what you need.

### Same-Day Appointments: Exploding the Access Paradigm -- FPM

The schedule is the "big picture" of the main activities you and the children engage in daily. Routines, on the other hand, are the steps done along the way to complete the schedule. Routines help provide a pattern and predictability to one's day (Ostrosky, Jung, Hemmeter, & Thomas, 2007).
