Planolitix is a software company with a fresh perspective on how financial services can be delivered. Founder and creator Royden Shotter is a practicing Financial Planner (CFP CM) with more than 20 years of experience across mortgages, insurance, investment and retirement planning.. Where suitable modelling tools weren't available, he built his own and spent the last 10 years refining it.

Local Supplier - Neverfail

The soliton solutions to the resulting set of nonlinear differential equations have markedly different properties, such as a maximal possible size and charge. Despite these differences, we discover a relation that allows one to extract the properties of gauged Q-balls (such as the radius, charge, and energy) from the more easily
