If all of the above weren't true, however, I probably wouldn't have finished Saints Astray, the sequel to Santa Olivia. Loup, the genetically modified girl, is still a fun character. She looks normal, but her father, along with more than a hundred other men, was engineered by Chinese scientists who crossed his genes with something predatory—probably a wolf.

Saints Astray Santa Olivia 2

Saints Astray is a fun follow-up to Santa Olivia, following Pilar and Loup as they find a way for themselves in the wider world outside their cordoned off district. Refreshingly, after the ups and downs of their relationship in Santa Olivia, the two are devoted to each other and while they do experience moments of doubt, these are quickly put to rest.
