Retirement In Singapore: Calculating How Much You Really Need

Policy-makers often attempt to motivate people to take timely action by increasing the perceived importance of retirement saving, yet the effectiveness of such strategies can be doubted. We examined why a strategy of emphasizing importance may be ineffective by distinguishing between intention to prepare for retirement and action in actually taking steps toward preparation.

retirement savings planning was predicted by retirement goal clarity, with planning then predicting involvement in the savings process. In the context of planning, financial literacy and housing wealth, planning has been shown to affect wealth (Lusardi and Mitchell, 2007a). That is, the more an individual plans, the greater their wealth.

Motivated saving: The impact of projections on retirement ...

Good Intentions, Bad Policy On Retirement Savings.

Too many Americans face a future retirement for which they will have too little in savings. Is this because they raid their retirement savings along the way – or is it because they do not save enough in the first place? The answers to those questions are “ yes ” and “ yes. ”
