Born and raised in Austria, Christoph recently graduated in interior design at Parsons School of Design, NYC. With a background in industrial design, Christoph earned his MSc degree with honors in 2010, including a student exchange term with The Academy of Fine Arts in Guangzhou, China.

Scionic: Purpose-driven Gestalt. The End of Design?: Axel ...

From the Publisher. Defying the widely prevailing opinion that design is about furniture, lifestyle accessories, or things that are not really necessities of life, an attempt is made in this book to show solutions to problems that ensure improvements and advances above and beyond conventional notions.

Framework and ...

Description of the book "Prototyping and Modelmaking for Product Design": Building prototypes and models is an essential component of any design activity. Modern product development is a multi-disciplinary effort that relies on prototyping in order to explore new ideas and test them sufficiently before they become actual products.

Axel Thallemer Lecture | School of Innovation and Design ...

The patterns found do not only fulfil their purpose but are surprisingly elegant and appeal to the aesthetic dimension of the human perception. The transfer of surface patterning to architectural elements may deliver added or integrated functionality or reinterpret specific functions on another scale.

Purpose-Driven Figments. Mechanically speaking there are no hard rules for how a fooled creature will react to figments. When creating a figment it is a good idea to state an intended purpose in creating it. In an effort to keep illusion as freeform as possible these are only suggestions for GMs and players to better communicate.
