How Do You Write a Scope of Study? | Reference.com

An essential component within urban geography is defining what a city or urban area actually is. Although a difficult task, urban geographers generally define the city as a concentration of people with a similar way of life-based on job type, cultural preferences, political views, and lifestyle.

Applied Geography - Journal - Elsevier
Scope of Study Components. When compiling a research paper, the researcher should state as soon as possible (usually in the introduction) what he or she intends to do and plans to avoid in the study. This entails stating the scope of study and outlining, one by one, any limitations and delimitations.

BANARAS HINDU UNIVERSITY
Department of Geography, 2013-2014
Nature & Scope. Geography looks at the earth's surface from two different but interrelated perspectives, known as systematic and regional. Accordingly, it has two broad branches: systematic geography and regional geography. Human geography is a branch of systematic geography. It studies the locational and distributional aspects of cultural phenomena,...
