freeman biology Flashcards and Study Sets | Quizlet

I challenging read, because it's a textbook and because it goes into excruciating detail about the chemistry of some biological processes. But there is a lot of information that is easier to read and take in, and I learned a lot about biology, even though the edition that I read is outdated and I probably need to read something that updates me about advancement in this field since then.

Biological Science (5th Edition), Author: Scott Freeman ...
