hind feet and use them to walk along with some speed. Also, fur seals are so-named because they have thick fur that can trap air and help keep them warm.

Facts About Seals &  
Sea Lions | Live  
Science

Seals are divided

# Download Free Seals Fur Seals Sea Lions And Walrus

into two families:  
the Phocidae, the  
earless or "true"  
seals (e.g., harbor or  
common seals), and  
the Otariidae, the  
eared seals (e.g., fur  
seals and sea lions).  
The pinnipeds  
include 34 species  
and 48 subspecies.
