The Kinetic Perpetual watch is part of the  
Kinetic series of watches manufactured by  
Seiko. It is named "Perpetual" because it has  
a mechanical perpetual calendar that will be  
correct until February of 2100. The seiko  
kinetic watches convert the kinetic movement  
of the user into electrical energy that  
powers the watch and charges the battery ...

Seiko 7A28 is a series of watches that introduced the first analogue display quartz chronograph movement to the world. Seiko launched the series in the early 1980s, and the movement went on to appear in many notable watches. It consists of 42 variations, including models issued to the military and those used in movies.[1] Certain variations of ...
