Shell C5 Hydraulic Oil Shell
The Fusō-class battleships (Fusō-gata senkan) were a pair of dreadnought battleships built for the Imperial Japanese Navy (IJN) before World War I and completed during it. Both patrolled briefly off the coast of China before being placed in reserve at the war's end. In 1922 Yamashiro became the first battleship in the IJN to successfully launch aircraft.

Available Parts, New and Used for Commercial, Industrial ...
By T. G. Schaefer (Tom NJ) In the simplest terms, esters can be defined as the reaction products of acids and alcohols. Thousands of different kinds of esters are commercially produced for a broad range of applications. Within the realm of synthetic lubrication, a relatively small but still substantial family of esters have been found [1]
