This is an amazing book and one of the best, easier to read books about downed airmen and the French Resistance networks who helped them escape. Very refreshing to find an author who doesn't try to whitewash the Nazis, too. She just lays it out, without getting to graphic or glossing over the facts. Very balanced, and very easy to read.

In the early years of World War II, it was an amazing feat for an Allied airman shot down over occupied Europe to make it back to England. By 1943, however, pilots and crewmembers, supplied with "escape kits," knew they had a 50 percent chance of evading capture and returning home. An estimated 12,000 French civilians helped make this possible.

### **Silent Heroes: Downed Airmen and the French Underground ...**

An estimated 12,000 French civilians helped make this possible. More than 5,000 airmen, many of them American, successfully traveled along escape lines organized much like those of the U.S. Underground Railroad, using secret codes and stopping in safe houses. If caught, they risked internment in a POW camp.
