how gender operates within our moral beliefs and practices (Lindemann 2005, 11) and our methodological approaches to ethical theory. More specifically, feminist ethicists aim to understand, criticize, and correct: (1) the binary view of gender, (2) the privilege historically available to men, and/or (3) the ways that views about ...

Socializing care : feminist ethics and public issues (Book

...

While the ethics of care was developed based on research with women, Gilligan has insisted that the ethics of care and the ethics of justice aren't mutually exclusive. Instead of focusing on gender, Gilligan preferred to focus on the different themes brought up by these two perspectives on morality.

Feminist Ethics (Stanford Encyclopedia of Philosophy)

Care-focused feminism, alternatively called gender feminism, is a branch of feminist thought informed primarily by ethics of care as developed by Carol Gilligan and Nel Noddings. This body of theory is critical of how caring is socially engendered, being assigned to women and consequently devalued.

Socializing Care: Feminist Ethics and Public Issues ...

Socializing Care attempts to dispel that criticism. Contributors to the volume demonstrate how the ethics of care factors into a variety of social policies and institutions, and can indeed be useful in thinking about a number of different social problems.

SAGE Reference - Feminist Ethics of Care

Feminist ethics is an approach to ethics that builds on the belief that traditionally ethical theorizing has undervalued and/or underappreciated women's moral experience, which is largely male-dominated, and it therefore chooses to

reimagine ethics through a holistic feminist approach to transform it.

Socializing Care: Feminist Ethics and Public Issues by ...

Contributors to this volume demonstrate how the ethics of care factors into a variety of social policies and institutions, and can indeed be useful in thinking about a number of different social problems. Divided into two sections, the first looks at care as a model for an evaluative framework that rethinks social institutions, liberal society, and citizenship at a basic conceptual level.

Gilligan's Ethics of Care

(Carol Gilligan on Wikipedia) 2. Can you tell us about your research and its relation to the ethics of care? My research on identity and moral development led me to identify the ethics of care as a “different voice”—a voice that joined self with relationship and reason with emotion.

The Ethics of Care

Socializing Care brings together over twenty years of scholarship in feminist ethics and social and political theory, and takes it in important new directions. The essays challenge us to rethink classical liberalism and its focus on autonomy and rights. There is a call for a fuller account of what it is to be a person, a citizen, and a government.

Socializing Care: Feminist Ethics and Public Issues

But, the ethics of care serves to remind us that, as social workers, we must always approach ethical choices with deep awareness of the impact they have on the people we serve and the relationships that are important to them. — Frederic G. Reamer, PhD, is a professor in the graduate program of the School of Social Work at Rhode Island College.
