Sociolinguistic Theory: Vygotsky by Miguelina Lopez on Prezi

Language variation is a core concept in sociolinguistics.

Sociolinguists investigate whether this linguistic variation can be

attributed to differences in the social characteristics of the speakers using the language, but also investigate whether elements of the surrounding linguistic context promote or inhibit the usage of certain structures.

heteroglossia, and applies it to a theory of language variation and thereby demonstrates the extent to which Bahtin anticipates developments in sociolinguistics. A persisting complaint about TESOL based theories of second language acquisition is

## Sociolinguistics Definition and Examples

Sociolinguistics Explained. Sociolinguistics is the descriptive study of the effect of any and all aspects of society, including cultural norms, expectations, and context, on the way language is used, and society's effect on language. It differs from sociology of language, which focuses on the effect of language on society. Sociolinguistics overlaps considerably with pragmatics.
