## **What is a Sole Trader? Responsibilities, Pros and Cons ...**

The accounting for a sole proprietorship differs somewhat from the requirements for other types of business entities. It does not require a separate set of accounting records, since the owner is considered to be inseparable from the business. Nonetheless, one should maintain records for business activities, in order to judge whether these operations are generating a profit.

So it's as I thought, I can set up as a sole trader and just add it onto the relevant tax return. Unfortunately, it's late night googling, which causes the most misconceptions! I asked about the VAT because I hadn't planned to register the new company (initially at least), but again, google suggested I would be forced to if I had another VAT registered business!
