Math 4606: Advanced Calculus
Now that being said I used this book as an upper level undergraduate course in Advanced Calculus. The book expects a lot of mathematical maturity and did not offer any real insights to me. As a consequence I did find myself having to constantly refer to other calculus texts to gain understanding of what Kaplan was explaining.

A ProblemText in Advanced Calculus
The (Solution Manual for Advanced Calculus by Folland) will help you master the concepts of end-of-chapter questions in your textbook. Download your free sample today! JavaScript seems to be disabled in your browser.

Calculus Textbook Solutions and Answers | Chegg.com
an integrated overview of Calculus and, for those who continue, a solid foundation for a first year graduate course in Real Analysis. As the title of the present document, ProblemText in Advanced Calculus, is intended to suggest, it is as much an extended problem set as a textbook. The preponderance of most of the major results are either exercises or problems.
