Don't forget when teaching mixtures and solutions to have students observe the physical properties of each substance before and after you mix them together, and after you separate the mixtures and solutions.

Lesson 8: Physical and Chemical Change In
this lesson on Physical and Chemical Change
we focus on the following: Characteristics of
physical change, characteristics of chemical
change, the law of conservation of mass, the
law of constant composition, Gay-Lussac's law
and steps for balancing chemical equations.
