Spark, The Revolutionary New Science of Exercise and the ...

I have been reading "Spark: The Revolutionary New Science of Exercise and the Brain" every summer since 2015. Listened to this book on this time and like every-time I loved this book. I remember the fine day in March 2015 at the public library in Charlotte when I first found this book, read a few pages and was hooked.

Spark : The Revolutionary New Science of Exercise and the ...

Chapter seven proposes a revolutionary new idea: exercise can combat addiction. Whether it is addiction to drugs or alcohol, exercise can help. Exercise works from the top down in the brain, forcing addicts to adapt to a new stimulus and thereby allowing them to learn and appreciate alternative and healthy lifestyles.
