Spatiality dictionary definition | spatiality defined

I Spatiality (and its things): Consider the meaning of the staging of giving and the form of the actual gift. I Project: How does this event of giving relate to activities to which the person is fundamentally committed? I Discourse: The gift relationship is surrounded by social conventions and linguistic formulas.

Spatiality | Article about spatiality by The Free Dictionary This theoretical framework rests on a discussion about space and spatiality. As was said in relation to the concept of border, the author considers the spatiality in which people live to exceed

Acces PDF Spatiality

geographical space or the physical world; in that way, the border can be in a different place than the boundary between countries.
