State and Government in Medieval Islam by Ann K.S. Lambton

John of Salisbury (1120-1180) was another medieval thinker who said that the authority of the state must accept the supremacy of the church. He denied the supremacy of the emperor. Though he was the supporter of the doctrine of two swords he believed that the king would receive the temporal sword from the Pope or church and will rule the state in accordance with the advice of the church.

State and Government in Medieval Islam | Taylor & Francis ...

Medieval city states were oligarchic republics, where power belonged to a restricted body of rich, or at least well-off, men. In the north, city-states operated generally by consensus; in the south, city-states had complicated election laws, which commonly included some sort of sortition , intended to ensure that no faction ever gained the upper hand.

Nature of State in Medieval India - History Discussion

Government - Government - The Middle Ages: Seen against the background of the millennia, the fall of the Roman Empire was so commonplace an event that it is almost surprising that so much ink has been spilled in the attempt to explain it. The Visigoths were merely one among the peoples who had been dislodged from the steppe in the usual fashion. They and others, unable to crack the defenses of ...

Relationship between State and Church during Medieval Period

Post-classical history (also called the Post-classical Era) is the period of time that immediately followed the end of ancient history.Depending on the continent, the era generally falls between the years AD 200-600 and AD 1200–1500. The name of this era of history derives from classical antiquity (or the Greco-Roman era) of Europe. Though, the everyday context in use is reverse (such as ...
