Stereophile Guide to Home Theater March/April 1999 #23 Vol ...
Stereophile Guide to Home Theater by Fred Manteghian. In custom installations where reaching for the amp's power switch might ruin the mood, you could always rig up something using both the DB25 and individual interconnects, as long as your processor offers some kind of 12 VDC control signal for the former.

Stereophile Guide to Home Theater, Vol. 4 No. 10, December ...
The RMB-1095 is 9 1/2 inches high and weighs almost 100 lbs, so the best place for it is on floor or on a dedicated amp stand. Cast-ers instead of feet at the amplifier's rear make it easier to move around than other amplifiers of comparable weight.

Stereophile Guide to Home Theater November 1998 Steven ...
Editor's Note: 24 years ago, in January 1995, we published the first issue of Stereophile Guide to Home Theater, a sister publication intended to appeal to the the growing number of home-theater enthusiasts. Stereophile's founder, the late J. Gordon Holt, had gotten early into the idea of accompanying movies with high-quality sound, and when I first visited his New Mexico home in January 1986, his system included an Advent NTSC-format video projector.

rotel.com

Stereophile belatedly started a video-related magazine in 1994, Stereophile Guide to Home Theater, which continues on-line as Ultimate A/V.'. Holt occasionally wrote reviews for both Stereophile and Absolute Sound in the 1990s, and was a frequent visitor to the annual Consumer Electronic Shows throughout the decade.

HSU VTF-3 MK 2 Subwoofer

Barry Willis praises the Parasound A51 for its "harmonic rightness" in Stereophile Guide to Home Theater for October 2003. "Its midrange was totally seductive, its soundstaging and imaging abilities in the same league as some of the best gear I've ever heard at any price..."

J. Gordon Holt - Wikipedia

— Stereophile Guide to Home Theater "...VTF-3 is the current champ of the low-priced super subwoofer class." — Howard Ferstler, The Audiophile Voice, October 2002 "...in Maximum Output mode...the response stayed flat between 20 and 26 Hz, with no indication of a rolloff 20 Hz, and less overall frequency-response variation from 20 to 100 Hz."
