Something major happened in 1979, or around 1979, or in any case sometime in the late 1970s or early 1980s. Orthodoxies crumbled, as did regimes, and the world was never the same. The centrality of the date is universally accepted, although no one can agree on when these changes began and when they were fully realized.

Strange Rebels shows how the world we live in today began to take shape in this pivotal year. 1979 saw a series of counterrevolutions against the progressive consensus that had dominated the postwar era. The year’s epic upheavals embodied a startling conservative challenge to communist and socialist systems around the globe, fundamentally transforming politics and economics worldwide.

Strange Rebels: 1979 and the Birth of the 21st Century by ...

The front cover of Strange Rebels tells the story: four very different leaders – Deng Xiaoping, the Ayatollah Khomeini, Pope John Paul II and, center stage, Margaret Thatcher – who each emerged on the world stage circa 1979 and who together, Christian Caryl argues, introduced the key concepts of the 21st century. There’s much to recognize ...
