## Strategic Organizational Alignment Authority Power Results

Utilize Power and Authority Effectively. From the dawn of recorded history, the right to exercise authority has been tied to ownership—ownership of land, property, or the means of production. Authority derived from ownership is delegated to leaders with the expectation that they will use that authority to further the interests of the owner.

Does Company Structure Align with Strategy? | Welcome to ...

Models exist to align projects with organizational strategy. However, they are incomplete and lead to inaccurate results. The newly developed model presented in this paper resolves the gaps of former models by combining quantitative financials and qualitative strategic issues. The paper gives a simulated numerical case study using this tool to assist in project selection and compares the ...
