Food carts have been around for decades and they are one of the most cost-effective ways to start a mobile food business. Pros: affordable, easy to customize, easy to move between locations (they can be pulled by a bicycle/car or pushed by hand), easy to park, easy to maintain, suitable for both indoor and outdoor use, may require less licensing than a food truck.

Street food is ready-to-eat food or drink sold by a hawker, or vendor, in a street or other public place, such as at a market or fair. It is often sold from a portable food booth, food cart, or food truck and meant for immediate consumption. Some street foods are regional, but many have spread beyond their region of origin. Most street foods are classed as both finger food and fast food, and ...
