Read Book Stromberg 175 Cd Adjustment

The Stromberg CD carburettor, like the SU (See Adjusting an SU carburettor), is a constant-depression carburettor, hence the CD. The two work in much the same way, but the Stromberg differs in having an air valve - commonly called the piston - surrounded by a rubber diaphragm in the dashpot. The size and type of a Stromberg are given by numbers and letters.

STROMBERG bulletin #14- SETTING THE IDLE MIXTURE SCREW

Understanding the Zenith Stromberg 175 CD2 carburetor 19 February 2009, 03:59 I thought it might be useful to gather together advice on understanding the various features, mainly lesser known ones in the first place, of the Zenith 175 CD2 carburetors and their adjustment and possibly post them to the Wiki page on the Forum.
