Our first objective in this book is for the reader to learn the strategic importance of good supply chain design, planning, and operation for every firm. The reader will be able to understand how good supply chain management can be a competitive advantage while weaknesses in the supply chain hurt the performance of a firm.

Download Supply Chain Management: Strategy, Planning, and ...

One of my favorite go-to books on supply chain management. Concise, easy to reference and topical. At this point, slightly out of date, but not so much so that most businessmen/women can't still use it to make decisions, train employees and drive business.
