Super Paper Mario - Wikipedia

Super Paper Mario is yet another game in the "Paper Mario" series of video games. If you don't like a game full of reading, or can't bear pressing A through a lot of text, this may not be the best purchase. It's a very kid-friendly game, otherwise, because the sense of humor is silly, the visuals are colorful and well-designed, and the gameplay

### Super Paper Mario

Super Paper Mario is a platformer role-playing game released in 2007 for the Wii. Unlike other Paper Mario games, Super Paper Mario is a platformer and does not use a turn-based battle system, but rather incorporates RPG elements with platforming. The game fuses elements of 2D and 3D gameplay together, shifting back and forth between dimensions, once being described as a "2.5D" sidescroller by ...

### Super Paper Mario - IGN.com

Super Paper Mario is not a hard game. I died and had to repeat a section twice, and there are save points before all of the major boss battles. Speaking of boss battles, they are clever and because you have four controllable heros to switch between, all with different strengths and abilities, the boss battles are fun puzzles in their own way. ...
