Taking the wheel : women and the coming of the motor age ...

But women there still lack basic rights that those in the West, and even in many Arab nations, take for granted. A Saudi woman needs a male relative's written permission before she can get a job, leave the country, travel within Saudi Arabia, or even have a medical procedure. In court, a woman's testimony carries less weight than a man's.

Taking the Wheel: Women and the Coming of the Motor Age ...

Gender conventions cast women as too weak, dependent, and flighty to manage the fiery motored beast. Overcoming that stereotype was as difficult for women as gaining access to the vote, the professions, and education, yet their personal feats of driving in both war and peace demolished the gender barriers against their taking the road.
