Meritocracy: the great delusion that ingrains inequality ...
the past, equality of opportunity (theoretically provided in a perfect meritocracy) was satisfactory because in an industrial society, hard work and effort was what allowed social mobility. The resulting inequalities were deemed acceptable. However, in today's post-industrial society, talent has replaced simple effort. This new mode of access to

(PDF) Education, Meritocracy and the Global War for Talent
In a meritocratic society, there is positive correlation between talent and success. But how steep should this relationship be? If the talent-success slope is very steep (i.e., a small talent difference causes a large capital gap), you might end up having a wide distribution of wealth (severe economic inequality).
