Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Tax Havens: How Globalization Really Works (Cornell ...

Tax havens are now an essential component of financial and economic globalization, but their impact has been uneven. We distinguish the impact they have had on the developed world, which we discuss in this chapter, from their impact on developing countries, which is the subject of the next chapter.
