Description. This practical, research-  
based text is organized around the  
principles that reading and writing  
instruction for English learners  
begins with the student biography  
and focuses on meaning as its core.  
The authors consider the languages  
and cultures of English learners as  
resources to be used in teaching,  
not problems to be solved, and  
throughout the book they guide  
readers to modify ...

Teaching and Researching  
Motivation is a substantially revised  
second edition of the same book,  
which was first published in 2001. It  
maintains the structure and style of  
the successful first edition and has  
carefully preserved existing  
material, along with introducing an  
abundance of new perspectives on  
motivational research.
