How To Use Real-life Connections in the Classroom

Creating real, relevant, and relatable lessons might mean giving up some teacher control to dialogue with students about what they want and need to be successful. However, if you empower students to share their passions, perceptions, and progress in a deeply meaningful and personal way, your lessons become more creative and imaginative, and give students an opportunity to lead their learning.

Keeping Learning Real, Relevant, and Relatable | Edutopia

Educator Lisa Delpit coined the term "culturally responsive teaching," and her research showed that students really need to see connection between learning and their lived experiences. Therefore, teachers need to create routine situations where students' lives are brought into the learning and connections are made between the stories they share and the content being learned.
