Technical Communication Today (6th Edition): Richard ...

Proper technical communication is a paramount skill to learn, however, this book is severely impractical and outdated. My best guess is that the author was told to write a book on technical communication, yet she lacked the requisite knowledge of the underlying subject (at least to be practical within the last 15 years).

Technical Communication 9th Edition - amazon.com

Technical communication is a broad field and includes any form of communication that exhibits one or more of the following characteristics: Communicating about technical or specialized topics, such as computer applications, medical procedures, or environmental regulations.; Communicating by using technology, such as web pages, help files, or social media sites.

Technical Communication Today, 5th Edition

Formerly Technical Writing, 5th edition, the new 6th edition embraces the multidimensional aspects of a technical communicator. By incorporating a process approach to writing many different technical documents (email, web pages, blogs) coupled with scenarios to bring to life real-world challenges, the text allows students to write successfully.
