The Absent-Minded Imperialists: Empire, Society, and ...

Working people were "absent-minded" about an empire from which they derived few material rewards and about which their social betters kept them in ignorance, although Porter acquits nearly all parties of hypocrisy and most of complicity. As the author shows, empire figured minimally in school textbooks, whether in history or geography.

Absent-Minded Imperialists: Empire, Society, and Culture ...

When I opened Absent-Minded Imperialists, I was steeling myself for another piece of neo-con propaganda on liberal imperialism and such nonsense. It isn't that at all. This is a scholarly work on the nature and domestic impact of the British empire. Nor is the book, thankfully, a piece of self-flagellation about the injustice of it all.

The Absent-Minded Imperialists: Empire, Society, and ...

Even if The Absent-Minded Imperialists comes to no serious conclusions, Bernard Porter's enthusiasm for empire is infectious, says Jan Morris Jan Morris Sun 5 Dec 2004 05.53 EST

The Absent-minded Imperialists: Empire, Society, and ...

Debate. The debate began when Porter's book The Absent-Minded Imperialists appeared in print in 2004. The book argued that Empire had very little influence on British popular culture in the nineteenth and twentieth centuries, arguing that this was the only explanation for the absence during a period of rapid imperial expansion. Porter argued that ordinary British people between 1800 and 1940 ...

The Absent Minded Imperialists Empire The British empire was a huge enterprise. To foreigners it more or less defined Britain in the nineteenth and early twentieth centuries. Its repercussions in the wider world are still with us today. One might expect this to have been reflected in her society and culture. This is the first book to examine this assumption critically against the broader background of contemporary British society.

Absent-Minded Imperialists: Empire, Society, and Culture ...

The British empire was a huge enterprise. To foreigners it more or less defined Britain in the nineteenth and early twentieth centuries. Its repercussions in the wider world are still with us today. It also had a great impact on Britain herself: for example, on her economy, security, population, and eating habits. One might expect this to have been reflected in her society and culture.

Empire and Society - Oxford Scholarship
When my The Absent-Minded Imperialists was published in 2004 I [1]. Oxford University Press added a by-line to the dust-jacket of The Absent-Minded Imperialists which read, in place of the formal sub-title, 'What the British really thought about empire'. That was without my sanction.

Porter-MacKenzie debate - Wikipedia

Richard Toye In 2004, Bernard Porter published *The Absent-Minded Imperialists: Empire, Society and Culture in Britain*. It immediately became a controversial work. Porter later reflected that the book: was mainly a response to certain scholars (and some others) who, I felt, had hitherto simplified and exaggerated the impact of 'imperialism' on Britain in the nineteenth...

The Absent-Minded Imperialists - Bernard Porter - Oxford ...

The British empire was a huge enterprise. To foreigners, it more or less defined Britain in the 19th and early 20th centuries. Its repercussions in the wider world are still with us today. It also had a great impact on Britain herself: for example, on her economy, security, population, and eating habits. One might expect this to have been reflected in her society and culture.

The Absent-Minded Imperialists: Empire, Society, and ...

There can be no presumption that Britain was an essentially 'imperialist' nation in the 19th and 20th centuries. Of course she was, in the sense of acquiring and ruling an empire; but that empire might not have been as burdensome as it appeared. In any case, 'British society' is a highly questionable concept, which obscures the country's enormous social, political, and cultural ...

Bernard Porter. The Absent-Minded Imperialists: Empire ...

The Absent-Minded Imperialists: Empire, Society, and Culture in Britain. By BERNARD PORTER (Oxford: Oxford U.P., 2004; pp. xvii + 475. £25). 'We seem, as it were, to have conquered and peopled half the world in a fit of absence of mind', famously observed J.R. Seeley. Far from purporting to explain the causes of British expansion overseas, this sarcastic remark was in fact referring to ...
