The Altruism Equation traces the history of this debate from Darwin to the present through an extraordinary cast of characters—from the Russian prince Petr Kropotkin, who wanted to base society on altruism, to the brilliant biologist George Price, who fell into poverty and succumbed to suicide as he obsessed over the problem. In a final

One A SPECIAL DIFFICULTY
THAT MIGHT PROVE FATAL.

While writing *On the Origin of Species* in the late 1850s, Charles Darwin was unencumbered by the strict editorial rules that apply to scientists today. He had the liberty to indulge in wide-ranging digressions that at times became streams of consciousness.
