***Mental Capacity Act 2005 - Best interests tests - England ...***

***The purpose of the best interests test is to consider matters from the patient's point of view. That is not to say that his wishes must prevail, any more than those of a fully capable patient must prevail. We cannot always have what we want. Nor will it always be possible to ascertain what an incapable patient's wishes are.***

**SEC.gov | Regulation Best Interest**

***Summary. The best interests principle in the Mental Capacity Act 2005 (the Act) states that any act done or decision made on behalf of an adult lacking capacity must be in their best interests. This can cover financial, health and social care decisions. The person making the decision is the “decision-maker” and is likely to be the person caring for the patient on a day-to-day basis, the doctor or other member of the healthcare staff responsible for carrying out the particular treatment ...***

The best interests of the child are determined***

**by factors that provide stability and the best environment for the child. Courts will consider the following factors to make a child custody or visitation decision for a child's best interest: 1) the relationship the child has with each parent, 2) the wishes of the child, 3) any history of abuse and neglect, 4) each parent's mental and physical health, 5) the living environment, 6) the willingness of the parents to cooperate with child custody ...**

### **The Best Interests Essor Practice**

**Best interests case practice model - summary guide This guide provides a foundation for working with children, including the unborn child, young people and families. It aims to reflect the new case practice directions arising from the Children, Youth and Families Act 2005 (CYFA) and the Child Wellbeing and Safety Act 2005.**

**Making healthcare decisions in a person's best interests ...**

**Although Re F 54 established 'best interests' as a guiding principle for decision-making on behalf of incapacitated patients, 55 there were historic concerns that the concept was 'too vague'. 56 Whilst some inferences can be made from the jurisprudence, 'best interests' as a concept was not defined, and the common law appeared to offer four distinct interpretations of this standard: It therefore appears that drafting of the MCA was based on the agreed principle that best**
