C (programming language) - Wikipedia

The C++ Programming Language, Special Edition??? (?? 31 ?)

C Character Set - C Programming

C is an imperative procedural language. It was designed to be compiled using a relatively straightforward compiler to provide low-level access to memory and language constructs that map efficiently to machine instructions, all with minimal runtime support.

Web: Luboš Boušek, uo 408176

C programming has two operators increment ++ and decrement --to change the value of an operand (constant or variable) by 1. Increment ++ increases the value by 1 whereas decrement --decreases the value by 1. These two operators are unary operators, meaning they only operate on a single operand.
