You can write a book review and share your experiences. Other readers will always be interested in your opinion of the books you've read. Whether you've loved the book or not, if you give your honest and detailed thoughts then people will find new books that are right for them.

The Cartoon Guide to Physics (Cartoon Guide Series): Larry ...

Community Reviews. The Cartoon Guide to Physics was a book that opened my eyes to a very interesting way of writing informative non-fiction books. The concepts are taught in a way that is humorous, which I have never seen in any other non-fiction books. Some of the concepts were taught in ways difficult for me to understand,...

The cartoon guide to physics | Huffman, Art; Gonick, Larry ...

Cartoon Guide cuts the nonsense and filler of your average high school physics and goes straight to the heart of the matter in a way that is accessible yet not at all dumbed down. Thank you Mr. Gonick for helping me get an "A" in physics! I was using a classroom copy. Now I will buy my own for when I go to college.
