In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

City and Stars: Arthur C. Clarke: 9780451133151: Amazon ...

The City and the Stars was written in 1956 and is written with extraordinary vision and sight into what the future may contain. Arthur C. Clarke shows why he is considered a grand master of science fiction with this fantastic novel.

The City and the Stars by Arthur C. Clarke

In "The City and the Stars", Arthur C. Clarke envisions mankind having fallen into two cultural niches, each limited by their own approaches to life. Diaspar, a city in which some 10 million people lives have been extended by technology to 1000 years, and each life ends when its personality is encoded into a nearly omnipotent computer for later reincarnation, has become the womb of humanity.

The City And Stars Arthur

The City and the Stars is a science fiction novel by British writer Arthur C. Clarke, published in 1956.

The City and the Stars Review - Arthur C. Clarke | Summary

The City and the Stars. Diaspar is the last city of man, a self-enclosed and self-perpetuating utopia one billion years into the future, surviving on the desert remains of Earth.

1956 "The City and the Stars" by Arthur C. Clarke Very ...

The City and the Stars is a classic for a reason and not just because Arthur C. Clarke is the author, so instead I will write specifically about the audiobook. This reading is almost a dramatisation since the individual characters are all ready by different narrators and there are musical backgrounds.

The City and the Stars Critical Essays - eNotes.com

One of those is another classic that I picked up as part of the SF Masterworks series, Arthur C. Clarke's 1956 novel The City and the Stars.

The City and the Stars by Arthur C Clark Audiobook

While Arthur C. Clarke's first novel, The City and the Stars, may not be as instantly memorable or critically celebrated as some of his later works, it does give us a tantalizing glimpse into the groundbreaking talent that he would eventually become. With its far future setting, intriguing mysteries and engaging main character, the book does an admirable job of portraying a world in which all of mankind's needs are taken care of and an antipathy towards the exploration and discovery of ...

The City and the Stars - Wikipedia

In "The City and the Stars", Arthur C. Clarke envisions mankind having fallen into two cultural niches, each limited by their own approaches to life. Diaspar, a city in which some 10 million people lives have been extended by technology to 1000 years, and each life ends when its personality is encoded into a nearly omnipotent computer for later reincarnation, has become the womb of humanity.
