capitalism | Definition, History, & Facts | Britannica

The development of a merchant class was a consequence of the emergence of commercial capitalism. The increasing power of this class lay challenge to both the existing ruling class, the land-owning feudal lords, and to the social order underpinning it.

Studies In The Development Of Capitalism (1946) : Dobb ...

In his book, *The Mystery of Capitalism*, de Soto's thesis was that the key to the development of an effective market economy is a system of well-established property rights. One particular reason for this was that land could be used as collateral to borrow against and so provide a means of acquiring capital.

The Development And Growth Of Capitalism

Capitalism is a world system in which we live in, and that countries are included globally. The spread of globalization has increased the spread of capital, and thus prompted a world system of capitalism, where economies are shared and trade is open. However this is a global system, how does this relate to development?
